Today, Cindy Hill, Republican Candidate for Superintendent of Public Instruction, announced the endorsements of 23 Republican legislators around Wyoming who voiced their belief that Cindy Hill should be the next Superintendent of Public Instruction. For the benefit of editors, the list of Republican legislators endorsing Cindy Hill, county by county, is as follows:

Hill stated that, “In my travels across Wyoming, and in my conversations with legislators, I have come to realize that many legislators share my vision of what Wyoming education could be.” “It is entirely predictable,” Mrs. Hill added, “that our legislators would be so passionate about education as they represent the values of the people of Wyoming.” Cindy Hill noted that these endorsements reflect a genuine desire for achieving results. “My focus is on classroom instruction,” Hill emphasized. “With every decision, and with every expenditure,” Hill stated, “I will ask: ‘How will this benefit the child in the classroom? Is this in the best interests of our kids?’”

Hill noted that the legislators endorsing her candidacy join the teachers and parents who have expressed their strong support for her candidacy. She concluded her remarks by stating, in gratitude, that “the many, many expressions of support fill my heart and give me energy to work even harder in spreading my message of what must happen in education to achieve results.”
